PARENT CODE OF CONDUCT POLICY

Parent Code of Conduct Policy

At CityKidz we are very fortunate to have supportive and friendly parents.

Our parents recognise that educating children is a process that involves a partnership between parents, class teachers and the school community. As a partnership, our parents understand the importance of a good working relationship to equip children with the necessary skills for adulthood. For these reasons we continue to welcome and encourage parents/carers to participate fully in the life of our school.

The positive contribution that parents can and do make to a school are vital if we want to remain an educational institution of note in the community. Without parental co-operation and commitment to a partnership of excellence within the school, the institution cannot flourish and continue to strive for excellence.

The purpose of this policy is to provide a reminder to all parents, caregivers and visitors to our school about expected conduct. This is so we can continue to flourish progress and achieve in an atmosphere of mutual understanding.

- h. Smoking and consumption of alcohol or other drugs whilst on school property. (There is a designated smoking area.)
- i. Any illegal substances or objects being brought on to school premises.

Should any of the above behaviour occur on school premises the school may feel it is necessary to contact the appropriate authorities and if necessary, even ban the offending adult from entering the school grounds.

With regard to your child/ren's behaviour parents will be informed of serious misconduct through a letter or phone call and a meeting will be set up to discuss the issue. CityKidz does have a Cell phone and Social Network Policy.

The use of Social Network Sites is becoming increasingly harmful to schools and the prolific posting on such sites can have serious repercussions.

Social media websites are being used increasingly to fuel campaigns and complaints against schools, Executive Staff, HOD's, school staff, and in some cases other parents/pupils.

CityKidz considers the use of social media websites being used in this way as unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels by speaking to the Class Teacher, Grade Leaders, the Head of Department, the Deputy Principal or the Principal, so they can be dealt with fairly, appropriately and effectively for all concerned. (If you are still not satisfied with any action taken the Principal will refer the matter to the Directors for resolution and mediation).

In the event that any pupil or parent/caregiver of a child/ren being educated at CityKidz is found to be posting libellous or defamatory comments on Facebook or other social network sites, they will be reported to the appropriate 'report abuse' section of the network site.

All social network sites have clear rules about the content which can be posted on the site and they provide robust mechanisms to report contact or activity which breaches this. The school will also expect that any parent/carer or pupil removes such comments immediately.

In serious cases the school will also consider its legal options to deal with any such misuse of social networking and other sites. Additionally, and perhaps more importantly is the issue of cyber bullying and the use by one child or a parent to publicly humiliate another by inappropriate social network entry.

We will take and deal with this as a serious incident of school bullying.

Thankfully such incidents are extremely rare. We would expect that parents would make all persons responsible for making children aware of this policy

Please sign and return this slip to the school office to acknowledge that you have read and understand the above policy.
