The magic of uncertainty

Dear Parent/Guardians

13 October 2023

Edition 17/Term 4

Term 4 Begins- Go, go, go !

Within a blink of an eye, Term 4 has arrived. There is so much still to do and not even the hot summer days could slow us down. It's go, go, go! There are so many upcoming events we need to get through. Diarise your dates, so you don't miss anything.

Seasons change, worries remain but if we can focus on the good we somehow seem to manage. One amazing thing to focus on is the CityTotz Early Childhood Development Centre. Our CityTotz Centre is under construction. We are incredibly grateful to Mr Renney Plit and Mr Michael Lewis who have embraced our vision for a fabulous ECD centre. The photos below are the BEFORE photos. Grade RR's will have a stunning Early Childhood Development centre. The centre will be an engaging and aesthetically-pleasing space. The environment will be organized with materials carefully selected to engage children in developmentally appropriate learning tasks. CityTotz is the place to be in 2024. It

will be a time to celebrate with THREE new classrooms and an awesome play centre! We will keep you updated.

As a productive team we are slowly creating ripples of change. The possibility of a High School is also on the cards, but we still need to find the funds. A High school building could help us do more in our community, grow our CityKidz brand and create a well-needed "home" for our High School children. Our community and parents always appreciate our work in education in the inner city. Your support is crucial to our efforts in helping us achieve our goals. If any of our parents know of any corporate sponsors or donors willing to contribute and support our new building initiative please contact us.

School safety has been in the news constantly over the past couple of weeks. We want to assure parents that at CityKidz, your child's safety is our main concern. Please talk to your children about the risks of buying goods off the street, talking to

strangers, loitering after school and bullying. Always be aware of the whereabouts of your child/ren while they are moving to and from school. It is imperative that you provide the school and your child's teacher with up-to-date contact information. Parents please ensure your children come to school with all the things necessary to make their day successful. Another disruption is the horde of children who come to school late on a daily basis. School times are clearly laid down in the Code of Conduct and must be ADHERED to at all times. To the parents who make every effort to bring their children to school on time with all their books, bags and belongings, thank you!

Full summer uniform is compulsory in Term 4. Recently we have seen an unfortunate trend at school with the older boys. It seems that many of our boys have gone through the trouble of having their school pants altered, in order to create a more fashionable "skinny fit" style of trousers. We are of the opinion that school is the last place any child should attempt to be making a fashion statement and these alterations are absolutely unnecessary and costly. (We're sure you agree with us.) Please, parents, a normal pair of grey pants, is what is required for your child. We ask that you familiarise yourself with the School Uniform Policy so that we can keep our boys and girls appropriately dressed for primary school. We all want our children to live up to their potential and to make us proud. This can only happen with their hard work, adherence to the School Code of Conduct and your support. Roll on ,Term 4!

Grade 7 Career Day: What do YOU want to be one day?

This was the number one question that was circulating amongst our eager Grade 7s today. Our Grade 7s were given a brief idea of what would be expected of them on their Career Day, and it is safe to say that they went above and beyond!

Choosing a career is not an easy task, especially if you yourself are still in the process of discovering yourself. Our learners are living in a fast-paced world, and we are proud to see them already doing thorough research into their future careers. We were fortunate enough to have two guest speakers who were able to impart some much-needed wisdom onto our students. Firstly, we had Mr Mpho Miya who is a lawyer, our learners were listening attentively as he accurately broke down the skeleton of what it means to be a lawyer in South Africa. Our second speaker of the day was Mr Bongani Gumede who provided our learners with insight of what it takes to be a graphic designer, social media specialist and DJ.

Our learners were intrigued by the gems of knowledge that were shared by our two speakers. The goal of the day was to ensure that our learners understand that there are a variety of career paths for them to choose from and to not limit themselves in any way, shape, or form.

Coupled with the lovely Spring weather, it was an honour to see our learners already blossoming into future engineers, doctors, artists, chefs and so much more! The sky is

the limit for our learners, and it is an honour to be the co-pilots that will continuously guide them on their journey towards discovering and unlocking their unlimited potential.

Grade 7 Career Day:

Grade Trips—oh what fun! Grade 1 Buksies

Floaties, tick, costume, tick, swim towels, tick. Armed with these, our Grade 1s were surely more than ready to spend the entire Friday at a water park. Heading South to Buksies all we heard was learners singing with excitement. We arrived at Buksies resort at 08h50. Elizabeth welcomed us and ran us through the programme of the day. Once we had our armbands on, we headed straight for the jungle gym. Learners could not contain their excitement as they ran from swings to a big slide and a trampoline. It was not long before we through ourselves on 3 different shallow kidz pools, remember we were spoilt for choice on this resort. Our little ones enjoyed moving skilfully in the water. Actions like pouring, scrubbing, squirting, steering and squeasing surely helped our learners improve their fine motor skills. Another surprise was in for our Grade 1s. Animal show! It was an interactive and educational mobile zoo if i may say. Jaws dropped as the animal show lady explained and allowed brave learners to touch different animals like the baby fox. A monkey that prefers a marshmallow over a banana! What a surprise. A parrot that has lived for over 40 years!

We thank the wonderful staff for all the dancing and the yummy lunch was enjoyed by all, packed in nicely decorated lunch boxes with our favourite cartoon characters like Peppa pig, paw patrol. After lunch we took a tour around the place on a train ride. Sounds of laughter and singing was cut short all of a sudden when we drove straight into a ghost house. Images of ghosts played tricks on the little ones' minds, cobwebs, ripped curtains, witches, and skulls decorated the ghost house. Finally, we drove to safety, but a lesson was learnt. It is ok to be scared sometimes. We were glad that we were not going back to the ghost house, but to more water slides instead. We did not come back empty handed, a party pack with goodies inside was given to each learner. Thank you, Buksies resort for a wonderful day.

Pines Resort Grade 3

The air on Friday morning, 15 September was filled with excitement, singing and a familiar outing buzz. The learners' faces clearly showing a joyful expectation of the day ahead and the classes were lined with all sorts of floatation devices, big and small.

"Goodbye CityKidz, Hello Pines Resort!" was the joyful chime that filled the air as we drove away from school, growing louder as we approached the highway. The drive to the destination was over in the blink of an eye, but every 5 minutes an "Are we there yet?" could be heard amongst the laughter and singing on the bus.

Arriving at Pines Resort saw the bus go down a steep and bumpy hill. Nothing more than a small grass parking lot could be seen and all the learners wondered aloud where the water was. The learners lined up at the entrance and each one was issued a yellow wristband. Still no sign of any water... We were however met with a beautiful view of nature, untouched by houses and filled with tall and mighty trees.

Thereafter, the learners walked down past the restaurant towards the grassy knoll where everyone took a seat and excitedly awaited the opportunity to eat. Yes, eat. Complaints of hunger and thirst rose up like a chorus at just after 9h00 o'clock in the morning. There was however, good reason for these cries. The learners' packed lunches from home were a sight for sore eyes and they could not wait to dig in.

The lifeguards interrupted the eating and drinking with some very important rules that had to be followed by everyone.

Thereafter, the learners went to the cloakrooms class by class to change into their swimming gear and met back at the 'picnic spot.'

Finally, the time for swimming had arrived! Cries of joy were heard all around and the teachers took the learners down to the waters' edge, a few at a time. Very soon though, everyone was in the water and going down the slides into the pools, lifeguards and teachers keeping a very close and watchful eye.

Soon after entering the water, the learners discovered the 'tuck shop' area within the restaurant and bought Slush puppies from the Eskimo Joe stand, pink and white ice-cream, cooldrinks and various sweets. The little toy vending machines were a hit as well!

As if that was not enough to keep any young heart content, the Pines Resort team took the learners up to the BIG slides and these if you will, closely resemble that of a ride at Gold Reef City. They don't end in a pool though. The learners are each given a large blue 'mat' with place for their hands to hold onto and they use this to go down the slides, two at a time. Water flows down the slides to create a slippery surface and the learners lie down on the 'mat' on their tummies and move themselves off from the starting line. This is not an extremely fast activity, but greatly thrilling as they hit the end of the slide. Each class had their own turn on the slides.

At 12h30, the learners lined up at the restaurant to collect their foot long hotdog and cold drink. They chose tomato sauce or mustard to complete the taste sensation. After lunch everyone took a quick breather to give the food some time to settle and reapply their sunscreen and then it was back to the water before heading home.

If you think that only the learners enjoyed some time in the water, you are sadly mistaken. The teachers were not going to pass up the opportunity to get their hair wet. Two of the Grade 3 teachers even attempted the slides into the pools with great enthusiasm from the learners below.

Even some swimming lessons were on the cards from the teachers to the eager learners that wanted to know their trade secrets in the great big blue.

At 14h30 it was out of the pools for everyone as the teachers called their classes to go and change into their respective PET uniforms. After getting dressed, the learners went back to the grassy knoll where they had been sitting and collected all the litter that was lying around to dispose of.

Then, at 15h10 the teachers and their classes lined up and headed towards the entrance, going uphill this time.

A few last group photos were taken on the way to the buses and one class sang as they walked for a little bit of oomph to get up the uphill. It sure was steep and many had sea legs from all the water fun.

The way home was not as quiet as it usually is. Some learners took the opportunity to doze off the 'fun-in-the-sun', but many were singing songs and cheering and trying to get the tired teachers to join in. And then to end off a fun filled, jam packed, fun in the sun day – the learners greeted CityKidz school with "Hello CityKidz, Goodbye Pines Resort."

Grade 3 continued ...

Class Captains for Term 4

A class captain is a leader who inspires their classmates to be the best they can be and one who makes their classmates feel proud to be a part of their class.

Civvies Day 31st October

Interschool General Knowledge Quiz
02nd November 09h30-11h00

PETER PAN PANTOMIME- Date: Thursday 16 November 2023

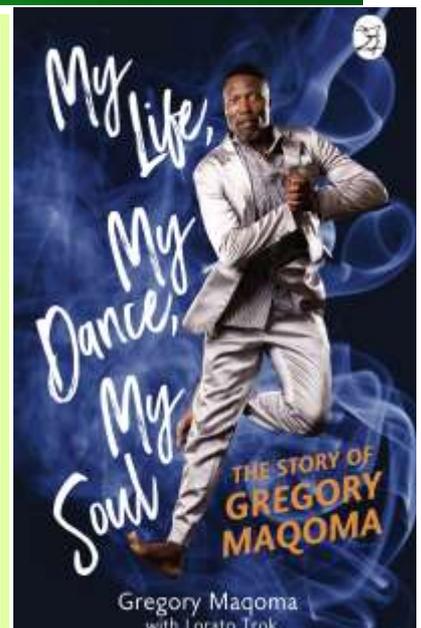

Gregory Vuyani Maqoma will be visiting our school on the **28th November**.

An outstanding performer, teacher, and creator of a vibrant, elegant form of dance, Gregory Maqoma is considered to be one of the most talented artists of the new generation in South Africa.

Two shows

FP 09h00- 10H00
IP 10h00- 11H00

Charity Drive: Ready, bring, collect- One last chance to donate

We are coming to an end of our pet food drive. At CityKidz we have increased awareness about homeless animals and adoptable shelter animals.

To increase further awareness Woodrock Animal Shelter will be visiting us on the 27th October. They are a leading non-profit, pro-life, rescue, rehabilitation, and re-homing shelter in South Africa. They have over 500 animals in their care at any given time, including Donkeys, Pigs, Chickens, Rabbits, Geese, Goats, Dogs & Cats.

As the cost of living continues to rise, many are struggling to afford to feed both themselves and their beloved pets.

Despite the challenging economic times, it is our commitment to continue with our 2023 charity drive. We have collected a most pleasing amount of food during the terms, and we have ONE more collection to go! (Our children and parents NEVER disappoint—they are unbelievably generous.)

Cat and Dog tins are still welcome and most appreciated.

With the festive season on hand, abandoned pets face some lonely times. We will donate food to benefit animal shelters or rescue groups that we have identified.

Let's join our paws for this very worthy cause!

Our wonderful CityKidz boy, Bentley is growing so quickly and he is incredibly smart. He went puppy training with Enzo, Reuben and Knowledge and is learning new tricks every week.

School F E E S

FEES for 2024

Registration Fee **R650-00: NEW ENROLMENTS ONLY**. This is a ONCE OFF - NON-REFUNDABLE FEE- payable for new enrolments only to secure a place at the school. This is payable together with the Annual School Administration Levy.

ANNUAL SCHOOL ADMINISTRATION LEVY FOR GRADE RR-3 Annual school administration levy inclusive of Foundation Phase workbooks and Learner Support Material - **R1425-00**

Meeting**

04 DECEMBER 2023
Join us to meet our teachers and learn about your child's upcoming year 2024 at our school.
Venue: School Hall
Time: 08h30-10h00

Grade 2 At Emerald City.

The Grade 2's enjoyed a dip in the warm waters of the indoor, climate-controlled Aquadome.

They were able to relax and have a splashing good time. They loved the waterslide, shipwreck, and drifting along in the lazy "river" with their floaties. They also saw animals from around the world at Animal World. It was a fabulous, adventurous learning experience.

QUOTE FOR THE WEEK

Every sunset is an opportunity to reset. Every sunrise begins with new eyes.

Richie Norton

General Knowledge question for the week

What is the only flying mammal?

Answer to the question in our previous newsletter.

How many minutes are in a full week?

There are 10080 minutes in a week .

Behaviour Awards

Most Merits for Term 3 Week Ending 21 September : Year 2023
